Intro: A Special Message From Holly

Hey there I just wanted to give you an overview of how to use all the H Miracle resources to have the maximum effect of effectively eliminating your hemorrhoids.

The first thing I strongly recommend is to listen to my 2nd audio lesson below named the “Crystal remedy”... this is the one I personally used and made my hemorrhoids go away within 2 days. It’s a very powerful method used to shrink the hemorrhoid itself. While you’re doing it, use the proper dieting methods as explained in the 1st audio lesson.
